

**RIGHT:** Charlie has centred from the left, Ossie has dummied the defence and Chris seizes a wide-open chance for our third.

**BELOW:** Charlie was at the start of it, Chris is again at the heart of it as he heads in Ron Harris's cross from the right for No. 4. Hard luck, Leeds, losing goalkeeper Harvey and centre-forward Jones with first-half injuries... but we were well into our stride at the time, even if all the goals came later.

## 4-0 v Leeds is our biggest first-day win for 22 years

—since we beat Sheffield Wednesday here by the same score on August 19, 1950
