

Happy New Year, Ken!

FOR Ken Shellito, 1964 ends the way it began – he's recovering from a knee operation. But he can look forward to a Happy New Year. His progress report reads "fine". Soon he will be back in light training, and, by February, building up his match fitness in the Reserves so that he is available for the final stages of our Championship effort. And it's in the brilliant style of this action picture that we look forward to seeing Ken play again early in 1965.
